WILSON'S PLAN FOR ADRIATIC ACCEPTED

French And British Premiers, After Conference, Announce That Agreement in Reached.

The Italian, French and British Premiers, and the Jugo Slav Foreign minister, at the peace conference, have come to a complete agreement upon a settlement of the Adriatic questions, for purpose of attained to the nursing has new "hospital" and does may be meters has rented to the first of the city. The plan makes for the city watermains, will have "Tag for Humane Some to a complete agreement upon a settlement of the Adriatic questions, almost to a letter. The plan makes for the plan makes for the plan makes for the city has presented by the plan of the plan makes for the plan makes for the city has presented by the plan of the plan makes for the plan of the plan of the plan of the plan of the plan makes for the plan of the pla

riatic.
The Premiers are all agreed that the matter has been settled and that every contention is fully satisfied

GOMPERS SAYS THE PRESENT CONGRESS IS A FAILURE.

Samuel Gompers, president of the American Federation of Labor, charges that the present Congress with com-pleteness and abandon, has failed the nation utterly. He asserts that the congress has failed on the peace treaty congress has failed on the peace treaty in reconstruction and in reducing the high cost of living, and has "failed us in intelligent comprehension of every great question affecting the lives and welfare of our people." Continuing he says that "America must get rid of its veto congress and elect an action congress. The 'no' congress must give place to the 'yes' congress."

COLLAR AND SHIRT STRIKE.

A "collar and shirt" strike, aimed at alleged profiteeing by haberdashers and laundrymen, to begin May 5 and to

continue for twenty days has been in-augurated in Chicago.

The "strikers" will wear khaki shirts, cotton or any other material, costing not more than \$2.59 with col-lars attached, the laundering to be done at home.

AIRPLANE RUSHED CROWD. At Sallisaw, Oklahoma, Saturday, an airplane driven by Bob Fogg, an ex-army aviator, fell forty feet, plowed through a large crowd of people, and finally came to a stop when it crashed into an automobile. One fourteen year old boy's head was cut off by the propellor, another one, in the automo-bile struck, was badly hurt, as was the aviator. Numerous others were knocked down and more or less ser-lously injured.

WORLD WHEAT SHORTAGE!

The American Agricultural Trade Commissioner at London, is authority for the statement that the increasing demand for bread over the world and the present small acreage of wheat, will bring about a world shortage of wheat

OBJECT TO MEXICAN LABOR

The American Federation of Labor has lodged a complaint with the House of Representatives' Committee in Immigration against the further importation of Mexican laborers. It is charged that they are being brought to this country in large numbers to take the place of striking American workmen. The original Government order permitting the importation of Mexican labor to relieve a bona fide shortage of workmen, has been imposed upon, the representatives of the Federation say

REMAINS OF CECIL BARNETT TO BE BROUGHT HOME

Mr. and Mrs. W. G. Barnett have been advised by the war department that the remains of their son Cecil, who died in England of influenza, will be brought back to Durant for burist. Cecil enlisted in the Marine Corps, and was in active service when he was taken with the fatal illness. Rev Herman Jones, formerly of this place will return to Durant to officiate, at funeral services and burial.

BREEF MOUNTAINS Farm Agent's Column

************ Few Things That Every Man On The Farm Should Know.

In the early part of the season to kill timber the following formula is highly recommended:

To one gallon of water add one pound of white arsenic and bring the mixture to the boiling point. Then add two pounds of sal soda and boil until the mixture becomes clear, which wilf be in twenty-five to forty minutes. To use the preparation, cut gashes enough through the bark in the trees and pour about a tablespoonful of the liquid in each cut. It should be used during the early part of the growing season. A it is a poison, care should be taken in handling it and it should not be lef where irresponsible persons or stock can have access to it. It might be we!

not to turn stock into the field where

it has been used until several days have elapsed. For the control of potato bugs beetles which have foliage eating hab-its, use either arsenic of lead or paris green and they may be applied alone or with bordeaux mixture. The arsenic of lead when used is mixed with water or bordeaux mixture at the rate of from 2 to 4 pounds of pasce to 50 gallons of spray solution. If the powdered lead is used, it will take from one to two pounds to the fifty gallons of spray solution. Bordeaux mixture is made by mixing the dilute solution copper sulphate (blue stone) with dilute milk of lime (lime water). The proportions vary all the way from 3 to pounds of each of the chemicals to gallons of water. In using paris 50 gallons of water. green care should be taken in not using too much as it is very bad to burn the

SOUTHEASTERN WINS DEBATE.
Southeastern Normal®won one of a series of triangular debates here last Friday night, from the Northeastern Normal of Tahlequah. The subject debated was, "Resolved that the settle-Normal of Tantequence bated was, "Resolved that the settlement of labor disputes should be made mandatory by National legislative enactment." Durant having the negative side of the question. Misses Melia Hilss and Neilie Hayes represented the visitors, Ross Quincy and Honest Wallands. The locals.

MARRIED HERE FRIDAY.
Last Friday afternoon, Mr. E. S. Bonner of this city and Miss Ruth Stanford of Houston, Texas, were married here, Judge W. S. Archibald performing the ceremony. They will make their future home in Durant, where the bridegroom is engaged in the automobile state and tracket history. bile epair and tractor business

PICNICKED AT WOODLAKE.

The pupils of the local high school had a big picnic at Woodlake, between Denison and Sherman, last Saturday, the boys providing the automobiles for transportation and the girls furnishing the lunches. There were a dozen cars in the party and a big time is reported.

GERMANY MAY HAVE 100,000.

Allied military observers have determined that Germany shall be allowed only 100,000 men in her armed forces, including policemen, as provided in the peace treaty. This contemplates the withdrawal and disarmament of the reichwar and Ruhr district forces and the German civil guard.

BOY SCOUTS WENT FISHING.

Last Friday night, F. W. O'Banion.
Scout Master, took his troop of about ten boy scouts out to Blue Falls for an all night fishing party and fish fry.
They hiked it out and back, getting back to town about nine o'clock Saturday morning.

RUB-MY-TISM IS A POWERFUL ANTISEPTIC, IT KILLS THE POISON CAUSED FROM INFECTED CUTS. CURES OLD SORES, TETTER, ETC.

NO OTHER CHILL TONIC EVER GAVE SUCH SATISFACTION

IS HOW OKLAHOMA MAN ENDORSES SWAMP CHILL AND FEVER

Mr. Harve Smith of Haileyville, Oklatried various chill tonics, but found nothing that equalled Swamp Chill and Pever Tonic. He says this famous remedy never failed to cure his chills.

Thousands of others who once suffered from malaria, ague and similar ailments praise Swamp Chill Tonic as strongly as Mr. Smith. For 29 years it has been the one never-failing remedy.

Swamp Chill Tonic acts quickly at surely, it soldom takes more that three days to break up chills. And it purgative has to be taken with it. If medicine itself acts gently and agree ably upon the fiver and bowels.

There is no calonel in Swamp Chil Tonie nothing but purely vegetable ingredients and from it is tasteless and pleasant to take. Numerous this detains prescribe it regularly—the know it is the best remark there is for malaria, ague, chills, fever, colds grippe, etc.

Dealers everywhere recommend and sell Swamp Chill Tonic, The price is 60 cents. Try a bottle—(Adv.)

Alvin C. York, of Army Fame, Lectures in Behalf of Fund to Bring Light to Those in Darkness.

Although offered large sums of money to appear in various vaudeville roles, on account of his notriety gained through sensational feats performed in the war. Seargant Alvin C. York, of Tennessee, has turned them all down and is now devoting all of his time, without compensation, save bare living extended, to the interest of the York fund, which is to be used to help educate the children of the ignorant mountain regions of Tennessee, where York himself was reared until the war, and where he chose to return afterwards. Although offered large sums

Immediately upon his return to Tennessee, he realized the educational limitations lie had gone through the third grade but obtained no more schooling, save that gained by personal study.

al study.

Shortly after, when he was in Nash-ville, receiving another medat, he told some of the officers and directors of the Nashville Rotary Club of his am-bitions for his people. It was there that the Alvin C. York Foundation was started. was started

Sergeant York, formerly of the 328th Infantry, 82nd Division, performed what Marshal Poch said was the great-est individual achievement of the war. Infantry est individual achievement of the war. Sent out with a small patrol in the Argenne, on October 8, 1918, to break up flarking machine-gun fire which was holding up the advance of his regiment be found himself opposing a whole German machine-gun battalion. With his rifle and pistol he fought it out with them. The fight ended with more than twenty Germans dead, with one hundred and their they are dead, with one hundred and thirty-two of them, including four officers, pris-oners in York's bands, and with thirtyfive machine guns out of action. For that fight he has been decorated with thirteen medals, including the Congressional Medal of Honor

PRESIDENT SIGNS PAPER BILL.

President Wilson has approved the which virtually allows newsprint paper to come into this country free of any import duty charges. It is believ-ed that this free entrance of paper will have the effect of at least making paper stock more plentiful. It is not thought any reduction in price can come soon as there is already a great shortage, and it will be some time even with heavy imports before the normal demand can be satisfied.

GLASSES FITTED Over Kimbrista toras S DURANT, OKLAHOMA GOOD PROSPECTS FOR OIL IN CADDO WELL

Drill Down More Than 500 Feet And Good Showing in Reported to Have Been Made.

Persons who have been watching the progress of the test well on the McCoy farm, two miles south and three-quarters of a mile east of Caddo, believe tha the well is soon to be a real oil pro-ducer and that an oil field of greater or lesser perpertions is to be opened up in that section.

Last Saturday a representative of the News was on the ground and was told that the drill was down 508 feet and was then drilling in a very hard rock with every indication of oil. Oil was coming up with the water, he re-ports, and often a large globule of it would come out.

R. W. Riddle and Co., drilling the well, with a large standard rig, are sanguine of the successful outcome of the test, and that their faith is shared with others, is evidently the fact that values on leases in the territory have some up to from \$20 to \$35 per acre. Many people are watching the prog-ress of the test and interest is keen.

IN ARIZONA FOR HEALTH.

Claude Smith, former Durant attorney, who has recently resigned as probate attorney for the counties of Chocataw and Fushmatah, is in Tueson Arizona, for the benefit of his health and is reported to be improving rapid-ly. He had a long sick spell several months ago, and decided that a change of climate and rest would be beneficANNOUNCEMENTS CANDIDATES
